The Global Esports Industry is on its way toward setting new benchmarks while maintaining a healthy contribution to the global economy. The Esports userbase and audience are projected to cross the 500 million mark by the end of 2022.

The eSports industry in India too has seen tremendous growth over the years, both in terms of viewership and revenue. The growth of esports in the nation will open up many opportunities for the future.

With this view, CII National Committee on Sports is pleased to organise a virtual event to deliberate on 'Esports' on 15 July 2022. The sessions in the event will provide the platform for the leaders and key stakeholders in this industry to share their insights on the Opportunities and challenges of Esports in India and explore its future impact. Each session will be aimed at the Leaders & Executives in Gaming & Esports, including Game publishers, Journalists, Esports Enthusiasts, Esports Heads, Sports & Esports federations, Marketing strategists and Esports Athletes.
